

Puget Sound Energy
Meter Apprenticeship Program 2004

Puget Sound Energy is currently accepting applications for our Meter Apprenticeship Program to begin in September, 2004 (approximate). This is a three-year training program. Applicants must have demonstrated understanding of basic principles of algebra, trigonometry and vectors as applied to metering, basic knowledge of electricity, mechanical ability and aptitude for learning the meter trade. Must possess valid driver's license. Must satisfactorily complete 144 hours per year of additional schooling and obtain First Aide Certification during training.

Duties of these positions include: shipping, receiving, cleaning, inspection, testing, calibrating, repairing, programming, installing, and maintaining metering equipment, including automated meter reading equipment, for all types of single phase and polyphase electrical systems.

Two positions are open based out of the Centralized meter shop, but may require assignment to district shops through out our western Washington service territory.

PSE is accepting applications for this program until April 30, 2004.

All applicants must complete and return a Puget Sound Energy Employment Application by the 4/30/04 deadline. Electronic Applications are available for these positions at the [www. PSE.com](http://www.PSE.com) website, under the careers section, or you may also call 425-462-3641 to have an application mailed to you.

PSE Apprenticeship Program Standards are available on PSE.com.

Puget Sound Energy is an Equal Opportunity Employer. Women and minority applicants are encouraged.
